- June 3: Lecture 7
- June 8: Term Test 2 (6-7pm); Lecture 8
- June 10: Lecture 9
- June 15: Lecture 10
- June 17: Lecture 11
- June 22 – 26: Final Exam Period

Required Text
S.Broverman Study Guide for SOA EXAM FM
The Actuarial Science Club will make cheaper version of this text available (after obtaining permission from Professor Broverman) to U of T students.
Note: ACT240 will cover Sections 1 – 14.
Missed Test
Should you be forced to miss a test due to illness, you are required by faculty regulations to submit, within one week, appropriate medical certificate to the instructor. The medical certificate must be issued by an Ontario-registered MD with registration number and phone number, and state the type and date of illness. The doctor must specifically indicate that there was a disabling health problem on the day of the test. Certificates saying “needs rest”, “injured foot” or similar will be rejected, as will certificates issued by chiropractors / acupuncturists. If the documentation is not provided or accepted, a grade of zero will be given for the missed test.

For students who miss a test due to acceptable reason, the weight of the missed test will be shifted to the final exam.

Calculator
A non-programmable calculator is required for this course. There is no restriction on models of non-programmable calculators allowed for use in the course. However, students are strongly encouraged to use the models allowed for SOA professional exams (i.e. Texas Instruments BA-35, BA II Plus, BA II Plus Professional, TI-30Xa, TI-30X II, or TI-30X).

Academic Integrity
Please visit: www.arsci.utoronto.ca/osai/students

Minimum Grade C Rule for Actuarial Science Students
In order to register in any 3rd year ACT course, it is necessary to obtain a minimum grade of C (C- is not acceptable) in all three of 2nd year ACT courses: ACT240, ACT245 and ACT247.
