UNIVERSITY OF TORONTO SCARBOROUGH

MENDELZON VISITING ASSISTANT PROFESSOR IN STATISTICS

LIMITED-TERM APPOINTMENT

The Department of Computer and Mathematical Sciences, University of Toronto Scarborough invites applications for a three-year contractually limited term appointment in Statistics as the Mendelzon Visiting Assistant Professor, to begin July 1, 2014 and end June 30, 2017.

We will consider applicants in all areas of Statistics such as Machine Learning, Statistical Genetics and Finance. Candidates should have a Ph.D. in Statistics or a related field. They must demonstrate the ability to pursue innovative research at the highest level of excellence, and excellence in teaching. Salary will be commensurate with qualifications and experience.

The University of Toronto is an international leader in Statistics research and education, and the Department of Computer and Mathematical Sciences enjoys strong ties to other academic units in Statistics within the University. The successful candidate for this position will be encouraged to contribute to the enrichment of academic programs at the University's Scarborough campus.

Applicants should apply online through mathjobs.org, https://www.mathjobs.org/jobs/jobs/5835. Applications should include a curriculum vitae, research statement, teaching statement, and four letters of recommendation. If you have questions about this position, please contact Katheleene Smith, ka.smith@utsc.utoronto.ca in the Department of Computer & Mathematical Sciences.

To ensure full consideration, this material must be submitted by May 20, 2014.

The Mendelzon Visiting Assistant Professorship is a position created in memory of Alberto Mendelzon, FRSC, distinguished computer scientist, and former chair of the Department of Computer and Mathematical Sciences, University of Toronto Scarborough.

For more information about the Department of Computer & Mathematical Sciences, please visit our webpage, http://www.utsc.utoronto.ca/cms

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from visible minority group members, women, Aboriginal persons, persons with disabilities, members of sexual minority groups, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
