

WRITING CENTRE

The writing centre is a free tutoring facility that helps students to develop their academic writing abilities. The director and tutors are experienced writing instructors who assist, in a one-to-one setting, with specific strategies for essay and report writing at any stage in the process. Tutoring is also available for students who are developing oral presentations. Seminars are offered throughout the year on topics such as library research methods, critical reading and writing, and dealing with exam essay questions.

If you would like support for students writing assignments in your course, please refer to the following webpage: <http://www.writing.utoronto.ca/writing-centres/centres>
